CYBERBULLISM

Prevention and contrast of BULLISM AND CYBERBULLISM

DURATION: 3 hours, to be decided according to the needs of the project and the teachers, but it can also be structured for more time and in more meetings.

DIDACTIC PATH: to reflect on the topic of Cyberbullying and Bullying. We will work on three levels:

COGNITIVE PLAN: stimulation of the critical sense and transmission of useful information

EMOTIONAL PLAN: promotion of emotional awareness and empathy

ETHICAL PLAN: promoting a sense of responsibility and justice

AIMS:

1. to increase awareness of network risks, responsibilities and online rights
2. to help people to develop empathy for those who are bullied and cyberbullied
3. to make people reflect on personal responsibility, as actors and as spectators, facing bullying situations, connecting to the themes of justice, respect and inclusion

METHODOLOGY: non-formal education, workshop activities following the principle of learning by doing, setting in a circle with the use of lim or projector.
